Rafael Tenorio

GAME DESIGNER | Combat, Systems & Progression

Brasília, Brazil | +55 61 99618-0082 | raut01@gmail.com
LinkedIn | Design portfolio | Playable projects on itch.io

PROFILE

Game Designer focused on combat, character kits, balance, and progression. Experience on Mystic Kingdoms, a mobile 5v5 MOBA, combining hands-on implementation with playtesting and quantitative analysis. Built a Python battle simulator and designed independent games, including a first-place game jam entry.

EXPERIENCE

Game Designer | Playgig

Jan 2024 - Present | Mystic Kingdoms | Mobile 5v5 MOBA

- Led combat and control-system redesign and implementation, with a focus on responsiveness and moment-to-moment clarity.
- Designed and balanced character kits around distinct roles, team synergies, and strategic choices.
- Built a Python battle simulator to compare damage output, healing, tank performance, level curves, and ultimate-ability scenarios.
- Tuned combat pacing, itemization, economy, and gear progression; contributed to Battle Pass and live-ops systems.
- Worked with engineering, art, QA, and production to translate design requirements into playable systems.

SELECTED PROJECTS

Overwitched | Game Designer | 2026

1st place, BGH Fast Publishing Game Jam | 48-hour team project | Play the game

- Designed all gameplay mechanics, overall game structure, and balance for a witch-themed shop-management game.
- The team won US$100 toward the Steam publishing fee.

DodgeLite | Solo Game Designer & Developer

Action roguelite | Project page | Gameplay video

- Designed and implemented the gameplay loop, combat, and 20 rooms using a procedural encounter-budget system.
- Created character and class upgrades for build synergies, a weapon-and-consumable economy, and a multi-phase final boss.

SKILLS

Design: Combat & character design, systems design, game balance, 3Cs (character, camera, controls), progression, economy, playtesting, data-driven iteration.
Technical: Unity (C#), Unreal Engine 5 (Blueprints, Gameplay Ability System), Python.

EDUCATION

MBA, Data Science & Machine Learning | XP Educação | 2023 - 2024
Bachelor of Engineering, Mechanical Engineering | Universidade de Brasília | 2013 - 2019
